Michigan Pediatric Readiness Conference 2025

Wednesday, March 12, 2025

This dynamic event focuses on equipping healthcare providers throughout systems with tools and knowledge to provide comprehensive, high-quality care for children. Special considerations for providing pediatric emergency care in the rural setting will also be emphasized throughout the sessions.

By supporting pediatric readiness across the continuum of care, children will receive the right care when they are ill or injured.

CEs available for:

- + Physicians
- + Physician Assistants
- + Nurses
- + EMS Clinicians

Bureau of Emergency
Preparedness, EMS
and Systems of Care

Our aim is to fortify
and support systems
that ensure every
child receives the
right care, at the
right time, in the
right place.

Registration details to come – please stay tuned!
Updates will also be posted to the
[Michigan Pediatric Readiness Website](#)
