

TRAINING OPPORTUNITY

FEMA Emergency Management Institute

Virtual Tabletop Exercise

Public Health Burn Mass Casualty Incident

April 13, 2022

Exercise Goals:

This virtual exercise will enable the participants to apply the knowledge, skills, and abilities needed to effectively prevent, protect, and respond to emergency management incidents of varying complexity.

Objectives include:

1. Assist in the preparation and review of local procedures in response to a Burn Mass Casualty Incident.
 2. Enable participants to better coordinate operations with counterparts from local governments, other state governments, Federal agencies, tribal, private sector organizations, non-governmental agencies, and public health officials.
 3. Provide a virtual, experiential education environment to exercise and enhance critical response and thought.
-

Target Audience:

The VTTX program is designed for a “community-based” group (not individual participation) of at least five or more personnel from Federal, state, local, tribal, and territorial (SLTT), corporate/ industrial, higher learning/education-based facilities, Voluntary Organizations Active in Disaster (VOAD), emergency management organizations with representation from emergency management disciplines - public safety, public works, public health, health care, government, administrative, communications, military, private sector, non-governmental, and critical stress professionals.

Michigan is focusing on the State Burn Coordinating Center, Healthcare Coalitions, Burn Surge Facilities, Burn Centers, Public Health EPCs and the Bureau of EMS, Trauma and Preparedness.

To register, please send your name, job title, organization, email address and phone number to Lauren Korte (kortel@michigan.gov) by close of business March 28, 2022. The TTX materials will be sent to you as soon as they are received. Please contact Lauren with any questions you might have.
